

**ELEMENTARY EDUCATION**

**Elementary education** is the first stage in formal education. The Indian government lays emphasis on primary education (Class I-VIII) also referred to as elementary education, to children aged 6 to 14 years old. Education has also been made free for children for 6 to 14 years of age or up to class VIII under the Right of Children to Free and Compulsory Education Act 2009.

*Class room teaching learning atmosphere sparkles with fully activity based and joyful learning.*

**Aims and Objectives**

- I. To bring all round development among the children.
- II. To develop literacy, numeracy and technocracy through mother tongue among the children.
- III. To develop sense of patriotism and democratic spirit of each child.
- IV. To make **education** free, compulsory and universal.

**1. Back to Basic**

**Returning to the fundamental aspects of something.**

- An initiative to ensure attainment of expected learning outcomes mentioned in the NCERT document in classes I to VIII in all subjects.
- Project aims to ensure mandate of the RTE Act and fill the gaps in learning ensuring class /age appropriate learning capability of children with special emphasis on basic numeracy and reading competencies.
- Teaching & learning modules have been prepared by teachers and training of master trainers has been completed.
- The project has taken off from the session 2020-21.

## AIMS AND OBJECTIVES

- The ultimate aim is to enhance the learning experience of students.
- Back to basics can be incorporated within the regular classes, if teachers are able to gauge the previous level of learning of the students and understand the minimum level of learning attained.

## Learning is fun

When teachers use activities that make learning engaging and fun, students are more willing to participate and take risks. Having fun while learning also helps students retain information better because the process is enjoyable and memorable.

- Making listening fun
  - Making speaking fun
  - Making reading fun
  - Making writing fun
- Fun Learning is a holistic approach to education with the goal of nurturing the passion for learning and continuous development throughout life.
  - Fun Academy developed the 'Fun Learning' approach based on Finnish pedagogical expertise in combination with the best education practices around the world.
